Control	Description
<p>Quantum Gold Washer Extractor</p>	<p>In addition to its network, and off-site management capabilities, Quantum Gold offers a total of 27 cycle combinations, 30 programmable water levels and customer-centric offerings such as a free "lucky cycle" for loyal customers. PC/PDA programming is standard as is time-of-day pricing of up to a year in advance as well as a maximum extraction speed of between 75 and 140 G-force, depending on configuration. The Quantum Gold control can interface with the store owner's card manufacturer of choice.</p>
<p>Quantum Silver Washer Extractor</p>	<p>Quantum Silver gives owners a variety of profit-producing features, including nine cycle combinations, multi-level vending and time-of-day pricing. Programming is easily accomplished through a PC or PDA via an infrared port on the control. Like Quantum Gold, the Quantum Silver control can interface with the store owner's card manufacturer of choice.</p>
<p>Quantum Standard Washer Extractor</p>	<p>For owners requiring basic management options, Quantum Standard comes with four cycle selections and manual programming. It also offers a maximum extraction speed of between 75 and 88 G-force (100 G-force on 80 pound models). Like all Quantum controls, Quantum Standard can interface with the store owner's card manufacturer of choice.</p>
