

## Coin Drying Tumbler STT30

### Product Specifications

Cabinet Dimensions	
Capacity	2x 30 lb
Width	31 1/2"
Depth	42 7/8"
Height	76 1/4"
Cylinder Diameter	30"
Cylinder Depth	26"
Cylinder Volume	2 x 10.6 cu. ft.
Door Opening Size	22 11/16"

### Energy Data

Gas Models	2x 73,000 Btu/hr
Steam Models - 100 psi	2x 111,000 Btu/hr
Steam Models - 15 psi	2x 74,000 Btu/hr
Electric Models	2x 21 kW

### Connections

Gas	1x 1/2" NPT
Plumbing Connections - Steam	2x 3/4" NPT
Air Outlet	1x 8"

### Motor

Fan	2x 1/4 HP
Cylinder	2x 1/4 HP

### Airflow

Airflow	2x 400 cfm
---------	------------

### Shipping

Net Weight	Gas/Steam: 544 lb; Electric: 544 lb;
Shipping Weight	Gas/Steam: 582 lb; Electric: 582 lb;
Shipping Width	32 1/2"
Shipping Depth	47"
Shipping Height	81"

### Agency Approvals

Gas Models	CSA Star
Electric and Steam Models	CSAus

For the most accurate information the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications subject to change without notice. The quality management system of Alliance Laundry Systems' Ripon facility has been registered to ISO 9001:2000.

### Features & Benefits

- Large, easy to clean lint compartment
- Fewer moving parts mean fewer maintenance problems and less wear
- High performance heater box increases energy efficiency, reduces drying times and provides more comfortable operating environment
- Axial airflow pattern with sealed cylinder rims delivers the fastest and most efficient drying results
- Patented oval cylinder perforations help prevent damage to the dryer's sweep sheets caused by drywall screws left in customers' pockets
- Two drying pockets in the space of one unit helps stores increase drying capacity
- Single gas, electric and exhaust hookups simplify installation and are less expensive than installing twice the number of single units

### Available Controls

Control	Description
<p><b>Quantum Gold Tumbler Stack</b></p>	<p>In addition to its network capabilities and off-site management features, Quantum Gold offers additional owner and customer benefits such as PC/PDA programming and machine audit capabilities as well as time-of-day pricing of up to a year in advance, a free "lucky cycle" for loyal customers and the ability to interface with the store owner's card manufacturer of choice. As gas prices continue to rise, owners will appreciate that Quantum enables them to set dry cycle times right down to the second for maximum profitability. With Quantum, owners also can monitor pocket usage and lower vends on the bottom cylinder to encourage even wear on both pockets.</p>
<p><b>Micro-Display</b></p>	<p>For owners desiring better control over their operations, the Micro Display Control enables them to easily set and change vend pricing. The Led displays vend price and time remaining in the cycle. Owners also gain basic audit features as well as the capability to integrate aftermarket activations for their stores.</p>
